TAMILSELVAN N

Data Analytics & Business Intelligence Specialist

Statistical Analysis | Power BI Dashboards | Reporting & Process Automation | Research Data Processing
Bengaluru, India | tamilselvan99715@gmail.com | +91 7868028751 | linkedin.com/in/tamilselvann98

PROFESSIONAL SUMMARY

Data analytics professional with 4+ years at NeuralNet Data Science, progressing from Data Analyst to Project Manager across domestic and multi-country consumer, healthcare and technology research studies. Specialises in large-scale data processing, handling survey datasets of up to 150,000 respondents, and combines statistical analysis (SPSS, R), Quantum and Python with automation (Excel VBA, Power Apps, Power Automate) and Power BI dashboards to turn complex survey data into reliable, decision-ready insight.

CORE COMPETENCIES

Data Analytics • Business Intelligence • Statistical Analysis (Regression, Factor) • Data Cleaning & Validation • Project Delivery • KPI Dashboards • Reporting Automation • Process Automation • Survey Data Processing • Data Visualization

TECHNICAL SKILLS

Analytics & Statistics: SPSS (Advanced), R (Working), Regression & Factor Analysis, Data Validation

BI & Automation: Power BI (DAX), Advanced Excel & VBA, Automated Excel Dashboards, PowerPoint Reporting Automation, Power Apps, Power Automate

Data Processing & Survey: Quantum (Advanced), Decipher, Dooblo

Programming & Other: Python (Basic: pandas, pyreadstat, Jupyter), SQL (Basic), Displayr (Familiar)

PROFESSIONAL EXPERIENCE

NeuralNet Data Science Pvt Ltd, Bengaluru, India — **Jan 2022 – Present**

Project Manager — Jul 2026 – Present

- Own data processing delivery for research projects, handling survey datasets of up to 150,000 respondents in Quantum and SPSS with rigorous validation and cleaning.
- Automate reporting with Excel VBA, automated Excel dashboards and PowerPoint reporting automation, reducing manual effort and standardising outputs across projects.
- Mentor junior analysts through knowledge-transfer sessions on SPSS, Quantum and VBA automation, and resolve complex data issues.

Senior Research Analyst — Apr 2024 – Jun 2026

- Led end-to-end data processing for research studies using Quantum and SPSS, delivering accurate, client-ready datasets through rigorous validation and cleaning.
- Designed reusable automation with Excel VBA, Power Apps and Power Automate that reduced manual effort and standardised recurring reporting across projects.
- Built interactive Power BI and Office 365 dashboards giving teams real-time visibility into KPIs, project progress and research outputs.
- Translated business and survey requirements into analytics solutions, partnering with programmers, researchers and analysts to keep delivery on schedule.

Research Analyst — Apr 2023 – Mar 2024

- Managed end-to-end data processing and cleaning for domestic and multi-country studies in SPSS and Quantum, ensuring high-quality deliverables.
- Cut manual processing time by ~25% by automating recurring tasks with VBA, improving consistency across outputs.
- Performed advanced statistical analysis (regression, factor analysis) using R to support research findings.
- Delivered Power BI visualisations and dashboards aligned to business needs; streamlined programming-to-processing handoffs, reducing delays and rework.

Survey Programmer — Jul 2022 – Mar 2023

- Programmed and deployed complex surveys on Decipher and Dooblo with custom logic and flow, ensuring accurate data capture and a smooth respondent experience.
- Reduced manual programming errors through automation and custom scripts; aligned survey design with downstream processing.

Data Analyst — Jan 2022 – Jun 2022

- Built Excel-based tools for regression testing and reporting; supported survey setup and data cleaning.

EDUCATION

M.Sc. Statistics — The Madura College, Madurai Kamaraj University — 2021

B.Sc. Mathematics — Thiagarajar College, Madurai Kamaraj University — 2019

PROFESSIONAL DEVELOPMENT

Microsoft Certifications (in progress): PL-300 Power BI Data Analyst Associate | PL-900 Power Platform Fundamentals
